## SELMI GETS SALARY, APPOINTS DEPUTY AIDE

City Treasurer Paul Selmi informed the city manager Tuesday that he is performing his duties full time, and within a few hours he had received his pay check, which the council had withheld two weeks in a move to force Selmi into an eight-hour day.

In answer to a question by the city council Monday night as to whether he was assuming his duties full time, Selmi turned over a note to Manager Howard Stites Tuesday indicating that he was.

Monday night the council had refused to sign warrant in the amount of \$183.10, Selmi's pay for half a month, until it was determined how long he was spending on his job. The council agreed at that time, however, that if Selmi said he was working full time, he would receive his compensation.

### Second Impasse?

Another impasse may develop, however, because of a move by Selmi that was revealed in a letter from the treasurer Monday.

Selmi announced that he had appointed Mrs. Bernice Van Der Werff as his deputy, effective June 15.

In calling for Selmi to work full time, the council originally maintained that he would not need the services of a deputy, who heretofore has been paid by the city.

The treasurer said Mrs. Van Der Werff would act as bookkeeper and that she would be under his direct supervision.

### Law Suit Looms

The council, under a previously announced policy, will probably refuse to pay the salary for Selmi's deputy. Selmi, on the other hand, takes the stand that he is entitled to clerical assistance and that the city should pay her salary.

In his letter to the council, Selmi cited the state code which provides that a treasurer may appoint a deputy. In event the council refuses to pay the deputy, Selmi may force the issue in court.

Monday night the council called for a new ordinance governing bonding of municipal employees, and recommended that Selmi's bond be increased from \$20,000 to \$100,000, as recommended by Stites.

The manager pointed out that, "I have been advised by the accounting department that funds approaching \$100,000 are subject to the city treasurer's draft."

The new ordinance will also provide for a blanket bonding coverage on all city employees.

## The Town Record

By MONTE DAYTON

That strange phenomena occurred again Monday at the meeting of the city council.

A tape recorder brought in to record hearing on the Yellow Cab Co. taxi permit application began picking up police radio calls... loud and clear so that the proceedings had to be halted.

This prompted ROBERT COHN, unsuccessful applicant for the taxi permits, to ask if the jumbled messages weren't calls coming in for Yellow Cabs.

## Rec Director Position Is Vacated For Second Time

For the second time within two months, Daly City found itself without a recreation director, as temporary director Edward Mosconi submitted his resignation to the recreation commission Tuesday night.

Mosconi, a member of the department on a part-time basis for the past four years, assumed the supervisory job on May 1 following resignation of James Mason.

In submitting his resignation Tuesday, Mosconi explained that he planned to teach summer school and could not devote full time to his duties. His resignation will take effect Monday.

The commission immediately appointed another temporary director, Frank Ingersoll, who has worked as playground director and night activities supervisor for the past five years.

### Exam Delayed

Meanwhile, selection of a permanent director for the \$395 to \$481 a month position met another

## WINSTON DUMP SITE GOES TO SUPERVISORS

Scavenger companies of Daly City, South San Francisco and San Bruno will make an appeal before county board of supervisors Tuesday for use permit to jointly operate a fill and cover dump site west of Junipero Sera boulevard near Winston Manor subdivision.

Frank Blum, attorney representing the three garbage companies, declared, "We feel this site solves the garbage disposal problem and we're going before the supervisors to present our case."

The 70-acre site, owned by H. H. Smith Sr., former Daly City mayor, is located just south of the Chinese Cemetery. Granting of use permit has been held up pending report by Engineer C. D. Allen on advisability of operating a dump near a residential area.

## \$2,000,000 Budget Gets Elem. Trustees OK

Tentative budget of \$2,003,672 was approved by the Jefferson Elementary School district board of trustees Wednesday night.

This amounts to an increase of \$300,000 over the 1955-56 budget of \$1,703,672, and will probably force a tax increase of from 10 cents to 15 cents per \$100 assessed valuation. Rate for this year is \$2.14 per \$100.

Wednesday's tentative budget had to be approved in time to be submitted to the county superintendent by next Monday's deadline. The budget may be altered before its final adoption deadline on August 10.

Breakdown of the '56-57 budget shows the following: administration \$43,192; instruction, \$1,079,139; auxiliary services, \$18,855; operation of school plant, \$138,700; maintenance school plant, \$81,331; fixed charges, \$53,457; transportation of pupils, \$26,381; food service, \$44,713 (this amount represents cash transactions made, not cost to district); community services, \$20,100; capital outlay, \$85,661; annual repayment, public school building fund, \$128,787; annual repayment, state school building fund, \$108,663.

Approximately \$606,450 of the revenue will be raised from local property taxes, as compared with \$605,400 gained from this source last year.

## 'CEASE FIRE' IN SCHOOL, SEWAGE BOARD SQUABBLE

Two chairmen, Michael Callan of the Jefferson Elementary School district, and his father, Thomas Callan Sr., chairman of the North San Mateo County Sanitation district and the county board of supervisors, sat in opposite camps Wednesday night as the controversial Benjamin Franklin school sewer installation was thrashed out.

And Trustee Hartley Appleton, who two weeks ago branded the sanitation district director as "drunk with authority" for demanding a larger sewer pipe, apologized for his remarks at the end of the generally amicable meeting. "I'm going to say what my mind dictates," Appleton stated, "and we were put on the spot. But if an apology is necessary, I'll offer it."

Outcome of the one hour and a half session was that sewage district engineer C. L. White was authorized to meet with Michael Callan and iron out the problem to the satisfaction of both parties. The sewage district asked that the district install a larger line at (Continued on Page 2)

## Bookie Suspect Is Held To Answer To Superior Court

Dino Donati was held to answer to superior court on charges of bookmaking and conspiracy in Judge Thomas L. Bocci's municipal court Tuesday.

Donati, 36-year-old pin ball machine distributor who lives at 19 Castlemont in the Westlake area, is charged with operating an extensive bookie operation.

Motion by Donati's attorney, James MacInnis, for dismissal of (Continued on Page 2)

In other action Wednesday, the board:

1. Went over plans for a two-story concrete addition to Benjamin Franklin school which would make eight more classrooms available.

2. Agreed to continue rental of three temporary classrooms at Broadmoor Community Presbyterian church until Benjamin Franklin is completed.

3. Rejected request by Developer Chris McKeon that school district protest continuation of hog ranch permits on property owned by him. Chairman Michael Callan declared McKeon "wants to use the school board as a whipping post. I say let him solve his problems. Keep the school out of politics." Callan maintained that if the present agricultural zoning was maintained, the district would be able to purchase school sites in the area at a lower cost. The letter on the matter from H. Z. Weibel, superintendent, was withdrawn and not made available for public record, although it appeared on the agenda.

4. Hired Lloyd Andrews as Colma vice principal, and Robert Cody, Sarah Cooley, James Schafer, Beverly Tretter and Louise Zucco as teachers.

5. Scheduled next Monday as re-organization meeting and continued unfinished items on Wednesday's agenda to that night.

## Yellow Cab Co. Wins Permits For Taxis Here

Yellow Cab Co. won out over one other applicant and the protests of the existing cab company and was awarded six permits to operate taxis in Daly City, in a 3-2 vote by the city council Monday night.

After a two-hour hearing, the council passed resolution granting Yellow Cab six permits to operate here. Councilman Michael De Bernardi, whose motion to table the resolution failed, and Councilman Del Wilson, opposed granting Yellow the permits, while Mayor Joseph Verducci and Councilmen Paul Hupf and Sanford Vickers voted in the affirmative.

The hearing was marked by vociferous protest from John Putkey, representing Hilltop Cab Co., at present the only taxi firm operating here.

### Cite Inadequacy

Philip S. Mathews, attorney for Yellow Cab, had his arguments backed up by several members of the audience who told of the inadequacy of present cab service.

A letter from Westlake Subdivisions Improvement association favoring the Yellow application was also entered into the record.

An unsuccessful applicant for the permits was Robert H. Cohn, 81 Belmont, whose petition was just received by the council last week. He had sought the six permits to operate under the name Daly City Cab Co. Cohn, a member of the local recreation commission, is one of the owners of West Coast Shows.

Councilmen held in favor of Yellow Cab because of its "sound, experienced" operation, according to the words of Hupf.

### Eliminate Surcharge

According to their application, Yellow Cab will operate six radio-dispatched cabs, will hire only local drivers, will establish cab stands at three locations and will eliminate the \$1 surcharge for transportation across the county line into and from San Francisco.

## ASK SWITCH TO NOT GUILTY IN BEATING CASE

Request to switch plea from guilty to not guilty was made this Thursday in municipal court by Richard Adam Stahl, 24, 275 Hillside boulevard, charged with inflicting cruel punishment on his 14-year-old brother on May 28.

Judge Thomas L. Bocci took the request under submission and will announce his decision next Thursday when Stahl is scheduled to appear for sentencing.

Stahl, a commercial pilot student, entered the guilty plea on May 29, the day following his arrest. Sentencing was delayed at that time to wait a report from the probation officer.

Daly City police arrested Stahl after his brother, Roger, appeared at the local station and complained that he had been severely beaten by his elder brother. He displayed heavy wounds, according to officers. Following treatment at Junipero Serra hospital, the boy was taken under protective custody of juvenile authorities.

The elder Stahl was represented in court yesterday by Attorney Anthony J. Quigley.

In other municipal court action: 1. John Sudduth, 97 Citrus street, did not appear for sentencing on a bad check count. Bail of \$150 was forfeited and a bench warrant for his arrest has been issued. New bail is set at \$500 cash to \$1000 bond.

2. Sudduth's wife, Audrey, also failed to appear. Sentencing was continued until July 31.

3. Judge Bocci dismissed stolen car felony county against Kenneth Craven, 1032 Hyde street, after Craven entered a guilty plea to a misdemeanor joy riding charge. The judge sentenced Craven to 30 days in the county jail or a fine of \$200. He was placed on a year's probation.

4. Carlo Chavez, 545 East 14th street, Oakland, was sentenced to (Continued on Page 7)

## ARCHITECT WILL 'INVESTIGATE' ALLEGED FAULTS AT JEFF ANNEX

Architect Mario Ciampi agreed Monday night to "investigate" a list of more than 20 complaints on the design of Jefferson Union High school annex. The outline of so-called architectural defects was compiled by the school staff after Principal John Mongan initiated discussion on the matter at the June 11 board meeting.

Mongan explained at that time that he was in hopes of preventing similar faults at the new Westmoor High school, also being designed by Ciampi.

Although the architect said he would "look into" the many complaints, neither he or the contractors on the job are liable for any faults at Jefferson. It was pointed out by Donald Miller, newly-named trustee, that year's warranty was up in August of 1955.

"Excessive" Glass  
One of the features of the annex which drew the most criticism was "excessive use of glass" in the classrooms, which Mongan explained, necessitated the purchase of drapes to cover the glassed wall areas. Both Mongan and Westmoor Principal Glen South strongly argued against the proposed design of glass between classrooms and hallways at Westmoor.

Following the meeting, Ciampi agreed to substitute frosted glass at Westmoor to cut down on the disturbance factor.

Drinking fountains were said to be designed for kindergarten size children — definitely an accident hazard.

Restrooms in the building came under criticism. It was reported that boys' and girls' restrooms are not adequate in size to hold the peak number of students during class breaks and that one stall in the ladies' restroom is available for 30 women teachers.

Flat Finish Paint  
Paint throughout the structure is of a flat finish, making it practically impossible to repeatedly wash and clean. Mongan suggested that semi-gloss finish would have been much more successful.

He also declared that the grease vent in the kitchen should have a taper so drippings could run in a trough and not drip on the grill.

"At the present time the screen cover to the vent has been removed in an attempt to keep the grease from accumulating and dripping on the grill and the cook," the principal explained.

Temperature control has proved a prime problem in the building, it was stated. Thermostatic control on the west side of the building means the teachers' conference room is freezing cold because the thermostat is placed near cook stoves and ovens.

A second heating problem is that the pipes for the entire building run through the dry storage room and the hot water tank is adjacent to that room, thus making it virtually impossible to store food goods.

Narrow Driveway  
Driveway for deliveries outside the building is too narrow for trucks causing the ventilator fan to be knocked from the wall on several occasions.

Second portion of the list was compiled by Miss Eunice Seaton, Jefferson drama teacher. Miss Seaton centered her remarks on the Little Theater, which she claimed was designed as a theater and a classroom.

"As a result it is neither instead of both," she reported.

Miss Seaton's concluding statement that Ciampi had told her he feels the Little Theater is "completely unsatisfactory" was backed up by the architect at the meeting.

Complaints by the instructor included poor ventilation, loud ventilator fans, "completely inadequate" lighting facilities and "meagre" stage facilities.

Miss Seaton further declared that desperately needed back stage space for the big stage could have been supplied by the Little Theater space if properly designed.

## Stop-Gap For Projects At An End

At least three parties — Daly City, Archbishop of the Roman Catholic church and Henry Doelger — were jubilant today following Superior Judge Louis B. Dematteis ruling Wednesday that the Ocean Shore Railway had abandoned its right of way.

In the latest of legal decisions that stretch over two decades, Judge Dematteis declared that the phantasmal railway, which hasn't operated over its narrow gauge line for 35 years, has abandoned the right of way granted it in 1909.

The 60-foot right of way, which extends from a point near Half Moon Bay to San Francisco, has harassed builders, schools and the like in this area for years because of the railway's refusal to give an inch of it, even for easements. An unpaid judgement of \$1,000,000 against the state for violation of its right of way has been the motive behind the railway's concern over allowing any further encroachments on its property. A huge chunk of the right of way runs through Daly City's largest residential area, Westlake.

The short-line railroad, which thrived near the turn of the century with pay-loads of gravel and rock from coastal quarries, has not operated since 1921.

For the three parties battling the railroad, it means the following: Daly City — the municipality can now proceed with lowering the dangerous 15-foot high hump on Southgate avenue which could not be graded without violating the right of way, and extension of the dead-end South Mayfair avenue, a main Westlake thoroughfare; The Archbishop — the church can now claim complete title to lands in Westlake which they plan for part of their church development; Henry Doelger — he has been prevented from using the land, although the owner in fee, because of its elevation above grade of his remaining property.

Doelger can lower the roadbed and proceed with construction of homes or businesses and roadways over the narrow strip, which extends more than a half mile right through the middle of his development.

If the railway follows precedent. (Continued on Page 2)

WOMAN CHARGES  
VIOLATION OF  
DOG LEASH LAW

A complaint was being prepared today against a Daly City man whom a neighbor charges allows his dogs to roam the street without leashes in violation of Daly City's recently enacted ordinance.

Complainant is Mrs. Catherine M. Bradshaw, 141 East Vista, who charges that one of the three dogs owned by Roland Potter, 148 East Vista, bit her three-year-old girl Monday.

She alleges that Potter's dogs roam the streets at all hours and are never kept on leash.

Monday she said one of the dogs bit her daughter, Kathleen, in the face, inflicting cuts about her cheek and inside her upper lip. The girl was treated by a physician and the condition was not described as serious, although a routine rabies injection was given the child.

The animal that was supposed to have taken the bite out of the tot was impounded at Daly City pound, where it will be held 14 days.

If the matter reaches court, it will be only the sixth time that alleged violators of Daly City's leash ordinance have been prosecuted.

Potter is charged with two separate counts of violating the leash ordinance.

He was cited in on a previous complaint four months ago but no charges were filed.

## 'Big Trim' On City Budget Set Friday

"The Big Trim" on Daly City's municipal budget for 1956-57 will have to wait until this Friday evening for further reducing exercises.

The city council was scheduled to get down to the business of paring some \$64,250 off the \$1,229,414 budget Monday, but the regular council session lasted until night on midnight, so city fathers decided they'd be more fresh for the task on Friday night.

The special budget confab will begin at 7:30 p.m. Friday.

The council must slice the \$64,250 off the budget in order to maintain the tax rate at \$1.43 per \$100 assessed valuation.

Time was when many women used to hide their age... but nowadays they're apt to boast about it! One reason—and a big one: modern appliances. They're freeing women everywhere from chores that used to make them too old too soon.

Mosconi has been paid \$395 a month, based on one year's experience in a supervisory capacity. Ingersoll will receive the same amount.

The second shake-up in the recreation department in the past two months comes just as the summer program is getting underway.

It was indicated, however, that there would be no break in the program.

Robert H. Cohn was named Tuesday as new chairman of the commission, succeeding Edmund Cavagnaro, who has held the post for three years.

Commissioners recommended that a resolution commending Cavagnaro for his services to recreation be passed. Cavagnaro will remain on the board. Louis Larcombe was elected vice president, Ann Eason, secretary.

### Other Action

In other action, the commission: 1. Urged that a meeting be set up with the elementary school board and council to discuss a joint recreation program which would be financed with funds from the special five-cent recreation tax levied by the school district.

2. Received complaint from 17th district, CCPT, that they were charged a \$90 fee for a function held at the community center, while the fire department was allowed use of the center free. Commissioners tentatively agreed to adopt a new policy calling for a fee whenever admission is charged for an event.

3. Discussed improvement projects now underway, which include renovation of Marchbanks hardball diamond, fences at 101 Parkview and Lincoln park; and possibility of installing softball backstop at Westlake park. Discussion was also held on purchase of fifty-tots play apparatus at Westlake park.

4. Raised fee at Westlake clubhouse for private functions from \$20 to \$30, plus \$10 deposit.

5. Set July 24 as date for special meeting at city council chambers to discuss use of recreation buildings by outside organizations and policy on fees for the various buildings.

## 'Cease Fire' In School Sewage Board Squabble

(Continued from Page 1)  
Ben Franklin, from 15 inches to 24 inches, or leave the line in its original position.

Young Callan's proposal that the school pay the cost of the 15 inch line, while the sewage district pay the difference between that and the 24-inch, appeared to be favorable to both sides.

Although there was little verbal slugging throughout the session, both Callan Sr. and Sanford Vickers of the sewage district mildly rebuked the school board for remarks made by the trustees at a previous session.

Said Supervisor Callan, "I don't want the district to be blamed. All you did was cover up our pipes. We did nothing. And you're going to have the county engineer up here for putting in a storm drain without a permit. I know he's going to be up because I'm chairman of the county board and I told him about it."

Vickers declared, "I don't like this name calling. We are all looking out for the health, welfare and safety of our districts. We should work in harmony. If there is any misunderstanding, we should meet like we're doing tonight."

Remarking that he felt the same way, Appleton then announced his apology.

## New Lincoln School Site Under Study

Civil Engineer Ted Tronoff reported to Jefferson Elementary School district trustees Wednesday that he was investigating a 16-acre site for Abraham Lincoln school in Westlake unit 10.

The previous Lincoln site was rejected after trustees received report that the land was lying on an earthquake fault.

## Daly City Lions Install Officers

Nine Daly City-Colma Lions club officers were installed Saturday during banquet ceremonies at Simpson's Pennsylvania room in San Francisco.

Taking over the gavel as president was Roy Arneson, local service station owner, succeeding insurance man Mel Battye.

Others installed were: John Radhuber, first vice president; Vince Murphy, second vice president; Joe Rohl, third vice president; Ray Charette, Ray Lagomarsino, directors; Ira Neville, secretary; John Putkey, tail twister; and H. Z. "Ted" Weibel, lion tamer.

Putkey was chairman of the banquet.

## 'OPEN SESAME' TO SCHOOL POKE

A few enthusiastic citizens recently found the "Open Sesame" to the righteously tight purse strings of the Jefferson Elementary School district board of trustees.

Some five residents of unincorporated Colma and Broadmoor, representing the James L. Snell PTA, marched unawed before the board, talked up a recreation program in about five minutes, and in less than that much time, had received an allocation of some \$3000 to pay for a joint school-community recreation program.

Oral presentation of the program took about five minutes and trustees said it was the first "concrete" plan for expenditure of the five-cent community services tax revenue that they had yet come across. And it did appear to be a pretty good program.

And yet, the City of Daly City spent several weeks laboring over what they too thought was a good program. And they laid this proposal on the line before the board of trustees. In fact, it even took several lengthy preliminary meetings between the council and the school board before the city was even given a chance to offer the program.

Maybe it was just "professional" rivalry that kept the school trustees from entering into a program with Daly City.

At any rate, it was all one-sided and Daly City came up with what we thought was just as good, or a better program than that offered by the Colma citizens. It provided for staffing of recreation areas with trained personnel, and Daly City does have the trained personnel on the job right now.

Argument of the trustees against accepting the Daly City offering was that the city had failed to show where it would be contributing funds on a matching basis. Did the Colma citizens put up any money? They did not.

This flimsy argument was the extent of the trustees' reasoning in rejecting the Daly City plan. Repeatedly, prior to receipt of the proposal, the school board asked for more time and more facts.

But the other night it took exactly 10 minutes to close the entire deal for a program that went before the board for the first time on that same evening.

The trustees were not placed in office to war on the city or any other agency. Their trust is to serve the best interests of the entire district, and if this means cooperative efforts with the city, then that is their charge.

The board, in accepting carte blanche a proposal that they had only scrutinized 10 minutes, while rejecting a similar plan that took weeks to formulate, did not serve the best interests of the Jefferson Elementary School district.

## Village Notes

By Gwin Mitchell

Summer vacation is here. Everybody is making plans to do all the family projects this summer which haven't been touched all winter because of Organizations, and That Trip is being roundly discussed. Our typewriter is ready for a trip to the hospital, so we are going on vacation too. Between June 15 and August 15 or so, there won't be any Village Notes—but that doesn't mean we don't want you to call with news. We'll save it all and tell everybody in the fall what everybody else has been doing all summer! So keep us in mind.

We found out about some new small citizens quite a while ago, but the Stork File got mislaid, so may we perform rather tardy introductions: First, meet Miss Debra Jean Harding, sister of Sandra, daughter of Bernardine and Roland. Garden Lane has 8 lbs., 15 oz. of sweetness added. Then meet Celeste Clemencia Jones, a new MacArthur resident. She will live with brother Ricardo and parents Kay and Teresa. She brought 7 lbs., 6 oz. of happiness to her neighborhood.

Two events put on by young people recently were both terrific, we hear. One was the Benjamin Franklin school glee club and band concert, given for the parents of the members, and one was the variety show given by the high school Westminster Fellowship group of the Broadmoor Presbyterian church. Understand Diane Imperatrice did a superb pantomime to "That Old Black Magic," and that Jim Treanor played some of his own compositions. Wish we'd been able to go, because everyone in it turned in an excellent performance. Broadway, look out!

Bouquets to Larry Green, Manila's artist, for the beautiful job he did making the main display sign (a 3D book) for Pack 259's booth at the Scout-O-Rama. . . . Gene and Frances Auer for all the work they've put into their home, including re-grading the yard, and for the fine results (Maddux) . . . Those energetic fathers down on Stewart who have been painting their houses like mad, one blue, one green, and one white, and for making their children happy by allowing them to keep them company on the roofs. . . . Phyllis Brown (Washington) and Vaida Hoffman (Thornhill) for the hard work that made the James L. Snell salvage drive such a success.

Birthdays are going on around town these days. Linda Delfino had a very special 7th one, with a zoo cake decorated with animal crackers in pretzel cages and colored flags on poles. The piece de resistance as a 14-inch clown mother Nita made out of crepe paper and gave as a prize to the guest who drew the number the clown held in his hand. Lucky winner was Barbara Gantert, who came with her sister Cathy. Other guests were Judy Kaufmann, Johnny Skillman, Phyllis Bake, Bets Heard, Milo Wood, Nina Viganò, Carmel Navarro, Claudia Fry, Debbie Galusha, John Montez, Maurine and Linda Garcia, Christopher and Cecilia Boley, and Ginger Delfino. In addition to all the games and prizes, everyone participated in a talent show. Washington Street was busy that afternoon!

Louise Sisk and family had a visitor at their Village Lane home recently when Louise's cousin, David Rogers, stopped by en route back home to Honolulu. The teenage boy had been attending high school in Utah during the year, and was off for a summer at home. He spent three days with the Sisks, and will probably see them again in September when he comes by on the way back to school again.

People still seem to be leaving the Villages for one reason or another. Juanita and Ed Craig traded 87th Street for Westlake

JOHN DEGROOT and son JOHNNY who share the same birthday cake on June 4. . . . Ten year old Susan Axt. . . . VALERIA CANON, another youngster who has just turned ten. . . . Seventeen-year-old RICHARD CIARLANTI. . . . and many happy returns to you, MRS. ESTER TAYLOR.

A swell time was had by the BOY SCOUTS in TROOP 92 when they recently enjoyed an overnight stay at Camp Lillenthal. They were accompanied by Scoutmaster BOB EVANS, Assistant GLENN WEMANN and NATHAN HOWARD, senior patrol leader. The Scouts were Barry Van Otten, Gerry Benedetti, Larry Jones, Don Mason, Paul Gormely, Bob and Bruce McGregor, Paul Eredge, Ron Miller, Jerry Bryant, Richard Kromm, John Millward, Wayne McBride, David and Joey Bollintini.

Palisades, and Jean and Neil Car-gill left 89th Street for Redwood City. Bobby and Virgil Harvey will become Sacramento residents in July by the grace of a business transfer, so Sweetwood neighbors gave them a sort of early going away party. With Jon and Lura Lee Marlsson's back yard as headquarters, Jack and Dorothy Ellis, Larry and Evelyn Long, Ben and Helen Sable, Parker and Betty Gerner, and Ed and Eleanor Raymond, plus everybody's children, enjoyed an outdoor barbecue. Only a few days before that, Bobby had had Dorothy, Evelyn, Lura Lee, Helen, Betty, Irene Chessman, Doris Pardini and Hazel Wirth over for a hen-fest evening.

Sorry you've been ill wishes go to Charlotte Spruiell, Ray Logan, Peggy Frost, Ray Meade and Betty Chivereve, and to youngsters Jimmy Frost, Eddie Box, Dickie Esposto, Cathy and Pat Meade, Harold and Wanda Chivereve, and Ernie Garcia. Ernie is recovering from an emergency tonsillectomy, and the rest have been battling mumps and flu.

Flash, Another new girl for our town. Diane Herroiras, who weighed in at 8 lbs. plus, is a number three young one. She, Carol and John all live with parents May and Rene on 89th street.

While we're on 89th street, we had the pleasure of making a new friend the other day when Eva Quist stopped by for coffee and conversation while her very sick Mercury awaited a mechanic's attentions outside in front of our house. Conversation covered husband Clifford's and her recent business trip to Sacramento, a visit from New York friends, and her interest in golf. This interest is being shared by many a Village wife, including Eva's lately

Indoctrinated neighbor, Jean Frisch!

And speaking of the Frisch family, young Miss Susan had a 7th birthday, to celebrate. Beverly Tonissen, Judy Frost, Ellen Blake, Diane Dumont, Barbara Krow, Linda Sims, Claudia Markoff, Melody Pagel, Karen Marso, Joanne Fanfelle, Pamela Eagle-ton, Marjorie Long, Sandra Milani, Sheryl Quansrom and Robin Frisch were the delighted little girls who shared the fun of a happy afternoon.

There was a party on the hill, too, when Patty Eassa welcomed a 6th birthday with a flourish. The Eassa home on Bradley swarmed with celebrants, including Gred and Jerelyn Magnusson, Chrissie Mitchell, Janice Peterson, Jay and Clarke Elliott, Mary Jane and Billy Miles, Randy and Paul Chernok, Jackie Murrish, Robin Dini, Billy Sheehan, Donald Bracco, and Patty's three brothers Gary, Bobby and Eddie.

Things were very busy around there for quite a while, with cake, ice cream and presents in the middle of it all.

That hustle and hassle around the Swoverland house on 87th Street week or so ago was just Dorothy and Mark trying to move into the new room they added on, straighten up the rest of the house, fix 5 million projects for the Scoutorama and get things in order generally by June 5. Why the deadline? Because June 5 is voting day and the Swoverland home is one of the polling places.

The Mattison menage on Sweetwood is tres gai with new coats of yellow, white and blue-gray paint, each in its properly proportioned space, and the gaiety went indoors a while back when Ann Schweitzer gave another of her dance parties, complete with multitudinous refreshments! Guests were Sabin Eastman, Lynn Anderson, Ray Roberts, Claire Root, Ron Monti, Eric Nardman, Thomas Loftus, Nancy Fanthorpe, Nancy Reginelli, Nancy Fisher and Pam Masters.

Over on Louvaine things have been very busy lately! First, Lee and Bob Johnson had guests from

Minneapolis, Rosalin and Larry Hemer. The two families have been close friends for some years, ever since the Johnsons once lived in St. Paul. The Hemers spent a long weekend here, with time for dinners out at the Carriage House and Alexis' Tanager Restaurant, and of course lots of time for old home week-type talk, covering the two years since the four had been together last.

Louvaineers Dorothy and Bob Goodwin and Washingtonites Tom and Mary McHugh went to Bak-ersfield for a weekend to see Betty and Bob Chrismon, who are most anxious to be back in BV again.

Another Louvaine traveler was Cleo Cheskey, who, with sons Tommy and Pat, went down to Paso Robles to visit her sister, Thora Terrell, and her brother, Dutch Avery, and his wife Ann. Her niece, Pearl Baker, was there also with her two children. Pearl had come from Hawaii, so there was a sort of family reunion. The weekend before, Thora and Cleo's nephew, Bradley Vanderburgh, were visiting up here. Bradley came up from Riverside, and brought wife Marie and two children so Cleo had a house full. And the weekend after the Paso Robles trip, all the Cheskeys visited Betty and Arley Hood in Walnut Creek. The Hoods are ex-Nimitzites.

While Cleo was in Paso Robles, Sam Cheskey joined neighbors Tom Gantert, Ray Johnson and Roy and Billy Krueger on a fishing trip to Grass Valley, where they caught fish! Walter and Darlene Brand from Foothill went on a fishing trip too. They went to Lake Tahoe, and Walter fished, while Darlene tried to cope with three children in a motel. One day was enough; the Brands finished their "vacation" days at home!

Foothillers Maurine and Del Guyman went up Eureka and Crescent City on a business trip, where they had a minute to visit the Gregoriuffs, ex-Foothillers. News of the day was the new baby girl belonging to the Fred Hilgers, also ex-Villagers and now in Eureka.

## BURGLARS DINE, DUMP PART OF LOOT AT SCHOOL

Burglars took an estimated \$435 in clothing and jewelry from a Garden Village home last Thursday night, then proceeded to discard about a third of it at the nearby Garden Village school yard.

Police said the home of Mr. and Mrs. Ray Terrill, 33 Village Lane, was entered sometime between 9 and 11:45 p.m. by someone who broke a rear window, then opened the latch.

Among the goods stolen were sport coats, shirts, slacks, costume jewelry, a razor, and a belt. Part of the loot, about \$187 worth, was dumped on the school yard. Police Chief Ray Savage said he thought the culprits were juveniles and some of the clothing was not the right size.

The burglars gained energy for their task by pilfering a quart of milk, loaf of bread and a salame from the Terrill refrigerator, and left the remains of their feast in the back yard.

## JAKOBSENS RETURN FROM VACATION IN NORTHWEST

Mr. and Mrs. A. G. K. Jakobsen, 332 Miriam street, are back from vacationing in Oregon and Washington, where they visited Mrs. Jakobsen's mother in Vancouver, Washington and their daughter and family in Portland, Oregon.

They also took in all of the Rose festival activities in Portland. On their return they had guests from Warsaw, Indiana, Mrs. Charlotte Hoffman and Mrs. Bertha Hargman, cousins of Mrs. Jakobsen.

## Cubs Benefit From Car Wash Campaign

Operation "Car Wash" will be underway Saturday from 10 a.m. until 4 p.m. at the Broadmoor police station, as officers and fathers wield chamois and buckets to gain funds for Bue Pack 293. Cars will be washed for \$1 each.

List of possible ways to utilize the five-cent recreation tax will be presented the Jefferson Union High school board of trustees at their next meeting on July 9 by Superintendent Edward T. Morgan.

The newly-named superintendent explained at Monday night's board meeting that the tax is properly called the "civic center" tax. He added that the broad term encompasses "anything where large groups of people meet."

Morgan had suggested at a previous meeting that the tax be used to support expenses of the Jefferson High school swimming pool which is used by persons throughout the school district.

Second proposal for use of the revenue was made by Coastsider Donald Miller, newly-elected board member. Miller asked that trustees determine what portion of the money is needed by the high school and then allocate the rest of the revenue to the various elementary school districts, which by approving the tax have set themselves up as recreation commissions.

## Something For Everyone

By The Staff of the Daly City Public Library

Biography, always a popular category at the Daly City Public Library, is even more in demand during the summer months. When youngsters and their parents alike are resting from the pressures of the school year and the work year, one of the favorite occupations is to read about someone else's life.

Thrilling adventures are recorded in two of the newest books at the library: William R. Lundgren's ACROSS THE HIGH FRONTIER, the story of the famous test pilot, Major Charles E. Yeager, the first man to break the sound barrier; and BUFFALO BILL: KING OF THE OLD WEST, by Elisabeth Jane Leonard and Julia Cody Goodman, the latter Buffalo Bill's sister, who has here recollected many interesting and little-known facts about her famous brother.

Equally adventurous reading is TIGER OF THE SNOWS, the autobiography of Tenzing Norgay, written in collaboration with James Ramsey Ullman. Tenzing is world-renowned as the Sherpa mountaineer who accompanied Sir Edmund Hillary on his famous conquest of Mt. Everest.

Three sports biographies are also attracting wide interest, especially as two of them concern California. Louis Zamperini's DEVIL AT MY HEELS is the autobiography of the famous track star who was later imprisoned by the Japanese during World War II, became an alcoholic after the war, and later rose from the depths through the help of Billy Graham.

Another Californian, Bill Coffman, is the subject of a new autobiography, AMERICAN IN THE ROUGH, by W. M. Coffman and Bob Considine. Coffman is widely known in this area as the originator and promoter of the Shrine East-West games.

Riding fans will enjoy Pat Smythe's JUMP FOR JOY, the story of this famous English woman's participation in horse shows and riding contests all over the world.

Personal stories of physicians are always library favorites, and there are two new ones added to the library's collection: Florence Crannel Means' SAGEBRUSH SURGEON, about Dr. Clarence Salsbury's work with the Navahos, and Adele Comandini's account of DOCTOR KATE: ANGEL ON SNOWSHOES. Doctor Kate will be remembered by the many admirers who saw her life presented on television and who mourn her recent death.

The arts are represented by such recent entries as Archie Binns' MRS. FISKE AND THE AMERICAN THEATRE, Antonina Vallentin's monumental LEONARDO DA VINCI, and Mary Fuenes Boynton's life of her father, the famous naturalist-artist LOUIS AGASSIZ FUERTES.

For these and other recent books, stop at the Daly City Public Library, 6351 Mission street, or the Westlake-Broadmoor Branch Library, 34 Park Plaza drive. Remember, your Public Library has something for everyone, including the little ones.

Don't neglect to bring your elementary school age children to either library to register for the Summer Reading Program. This year's theme, "Make Friends with Books," appeals to all ages and to boys and girls alike. Let your child take advantage of this opportunity to keep up his reading interests and improve his reading ability this summer.

## Broadmoor Cubs & Families To Picnic

Members of Broadmoor Cub Pack 259 and their families will be holding their second annual picnic this Saturday at Orange Memorial Park in South San Francisco.

Parents have been asked to arrange transportation for their own families. The park is located just across the railroad tracks on Orange avenue, a left turn at the first stop light south of Buri-Buri on El Camino Real.

## 1 A.M. Dance Closing Wins Praises Of PTA

In a letter to the council, the coordinating council expressed its "appreciation on the stand taken on closing of the Casbah." The PTA group said "we are secure in the knowledge that your actions are best for the majority."

## DC Cop, Milkman Win Publinx Spots

Two Daly City golfers won spots in the National Public Links Golf tournament July 9-14 by qualifying Sunday at Harding Park.

Daly City policeman Art Linhares finished with a 148 for the two rounds, good enough for fourth spot among the 12 qualifiers, while local milkman Roy Hart just squeaked into the coveted dozen with a 153, beating out three other 153 shooters in a playoff.

Bob Silvestri of Westlake, '52 state amateur champ, still has a chance to make the Publinx golf, as he finished with a 154 and is numbered among the 15 alternates.

Sharp Park's Pete Shefeick fired a 70-77 for a 147 and third best total among the qualifiers.

The Publinx tourney will be held at Harding Park.

Gunman Robs Local Gas Station After Tying Up Attendant

A gun-waving thug robbed a local gas station of \$164.69 early Saturday morning after binding the attendant's arms and legs with adhesive tape.

The attendant, Benjamin D. Dubinsky, 20 said that the thief entered the King Regal station, 2401 Junipero Serra boulevard, at 3:20 a.m. When Dubinsky refused to clean up the men's room as requested, the thug forced the attendant at the point of a gun into the rest room.

Dubinsky told officers that he was forced to lie down on the floor and that the gunman then bound his arms and legs with adhesive tape, rendering him helpless.

The attendant was later freed by a customer who entered the station.

Cemetery Workers Lower Union Demands

Cemetery worker union negotiators Wednesday reduced demands for pay raises and other benefits as the Colma strike neared the end of its second month.

William Becker, business agent for the Cemetery Workers' union, said the union had changed its demand from a straight one-year contract with a 15 cents an hour raise to a two-year contract calling for a 15-cent increase the first year and 12 1/2 cents the second year.

The union also dropped demands for various other benefits, Becker declared.

Changes in the union demands were still under consideration by the Associated Cemeteries of San Francisco at press time.

STRANGER FINDS ALL THE COMFORTS OF HOME IN APARTMENT

All the comforts of home were found Monday night by a stranger who broke into an unoccupied Westlake apartment. Complaint that someone had spent the night in his empty apartment was made Tuesday night by Willis McNeil, 19 Northgate avenue, apartment 7.

McNeil told officers that he had moved some of his belongings into the building Monday night and did not discover that the place had been entered until the following evening.

Although the apartment was ransacked, nothing was taken, police said. The culprit apparently took a snooze on the bed where the next day McNeil found a strange wrist watch.

TRUSTEE REBELS AT LATE HOUR BOARD SESSIONS

Trustee Katherine Mullen rebelled Wednesday against marathon sessions with the Jefferson Elementary School district board has been conducting recently.

At 10:30 p.m. she told the only other two board members present, Michael Callan and Hartley Appleton, that they'd better finish the meeting by 11:30, because she was going to leave at that time and the board would be unable to transact business without a quorum of three. The 11:30 hour was established by the board last year as the closing time.

Shortly after 11:30, Mrs. Mullen kept her word, and the session was continued until Monday night, with still more than half the agenda to complete. But the other two trustees lingered on until about 1 a.m.

Recent sessions of the board have run anywhere from 1 a.m. to 2:45 a.m.

THE BIG 30,508 is displayed proudly by Daly City Chamber of Commerce members as they played host last Thursday to Daly City officials. Results of official census released that day showed Daly City's population

of 30,508, nearly 7000 above the figure revealed at the last special census in 1954. Pictured (left to right) are: Fire Chief Elmer Kennedy, Peter Markovich, Chamber executive secretary; Jack Kendree, Chamber

president; Police Chief Roland Petrocchi, City Manager Howard Stites, Councilman Sanford Vickers, and City Controller Jerome Scharfman.

## Peninsula Lines Withdraw Request For DC Fare Hike

Peninsula Bus Lines, petitioning the state public utilities commission for a five-cent fare increase, has amended its application to eliminate the increase within Daly City limits.

Raise of the fare from 15 cents to 20 cents drew the ire of councilmen last week, as Peninsula lines had indicated a 15-cent fare would be adequate when its representative appeared before the council eight months ago to seek permit to operate here.

A. R. Linn, attorney for the bus company, told councilmen Monday that owner A. E. Ryan had amended his application and that present rates would apply on Mission street between Flounoy in Daly City and A street in Colma.

## County Supervisors Okay Record Budget

County board of supervisors Tuesday adopted a record-high budget of \$19,223,674. The new figure is an increase of \$2,033,907 over the present budget.

E. R. Stallings, county manager, told the board that there "may not be a too substantial increase in the tax rate" because of an anticipated rise in assessed valuation. Last March, however, when department heads submitted budget requests Stallings said that the tax rate boost might be as much as 15 cents.

Present tax rate is \$160 per \$100 assessed valuation.

## POLICE CHASE ENDS IN DRUNK DRIVING ARREST OF SF CADDY

A 30-year-old caddy was charged with drunk driving Sunday afternoon after a wild police chase on Mission street.

The driver, Frank C. Peck of 16th street, San Francisco, was sentenced the following day in municipal court to 30 days in the county jail or payment of a fine of \$150.

Officers said they first spotted the car on School and Mission streets, and that despite the police siren and flashing red lights, the driver refused to stop. The auto was finally forced to the side of the road in front of Woodlawn cemetery in Colma.

A passenger, Oscar Edward Mars, 46, mechanic of 571 Valencia street, San Francisco, was charged with being drunk in and about an auto. He was released on \$50 bail and scheduled to appear in municipal court on Tuesday.

Taken as evidence was a near-empty bottle of wine.

## Officer Walsh Attends Identification Confab

Officer John Walsh of the Daly City police department last week attended the 40th annual conference of the California State Division, International Association for Identification. The confab was held in San Jose.

Speakers' topics included discussions on fingerprinting, communism, traffic investigation, handwriting, search and seizure, research and evidence.

## Yellow Cab Co. Wins Permits For Taxis Here

(Continued from Page 1)  
more cabs for Daly City were Bernard Reinherz, 17 Belmont, Richard H. Perry, 266 North Mayfair, and Phil Glevis, 104 Westbrook.

The Westlake Improvement association letter claimed that out of 41 persons polled, 70 per cent were in favor of having a second cab company come in.

Putkey maintained that neither Yellow Cab nor Cohn had proven public and necessity and convenience demanded a second cab company.

Only Five Letters  
He cited the fact that there were only five letters sent to the city council urging that the franchise be awarded to Yellow Cab and that only a few people in the audience had spoken on behalf of the applicant.

"Yellow Cab has presented nothing more concrete than they did the first time. There is no evidence to show that the present cabs are inadequate," Hilltop's attorney continued.

Councilman De Bernardi held that the council should table the matter and re-draw the ordinance governing taxi cab operations. "We should word it so it includes the things the people are asking for... for protection of the people," he said.

"Hearsay"  
Wilson, the other dissenter, held that all testimony given was only "hearsay evidence" and that Yellow Cab had failed to show any need. "Fifty people shouldn't decide for 30,000," he declared.

Stating that, "We need service between San Francisco and Daly City even more than we need service within Daly City, Hupf moved that Yellow Cab be granted the permits.

Vickers seconded, but De Bernardi interposed by moving to table the motion. Wilson seconded, but the pair were out-voted, 3-2.

## Commendation For Local Soldier

Specialist Second Class Frank Ubois, son of Mrs. Mary C. Ubois, 158 Los Banos avenue, Daly City, recently received a letter of commendation while serving at Fort Riley, Kansas, with the 47th Engineer Camouflage Battalion.

He was commended for his outstanding performance of duty in the battalion's personnel section.

Specialist Ubois, a 1948 graduate of St. Veronica High school, was employed by the Southern Pacific Railroad in San Francisco before entering the Army in May 1954. He received basic training at Fort Ord.

## Plan \$200,000 Super Market On Serra Boulevard

Plans for a \$200,000 super market on the southwest corner of Junipero Serra boulevard and 92nd avenue, Colma, were announced this week. Construction is due to begin within 30 days.

The structure is planned by Barney Norwitt, owner of Automotive City and San Francisco Gardens fight arena, and will be managed by Norwitt's brother Marco. The latter named brother is presently the owner of Lo-Mark's canned food outlet across the street from the proposed market.

Ownership will be under the name of Public Wholesale House, Inc., according to George Lagomarsino, real estate broker.

The building will occupy from 14,000 to 20,000 square feet.

# Upsets Mark Rec Softball As Realty Nine Jolted Twice

A very surprising Daly City Drug softball team downed a favored Wm. Lagomarsino nine, 9-4, in a real wowser in the Daly City Recreation league softball league Tuesday.

The game was won on the very fine one-hit pitching of A. Condos and a bases-loaded home run by Tom Bournellis. The Lagomarsino club tied the game in the fifth inning on a home run by A. Chelone with two aboard and then saw their lead vanish when the Daly City team came to bat.

It was the second time within a week that the vaunted Lagomarsino club had been upset.

Ralph's Cleaners, showing great power in the first few frames, won a one-sided contest from O.L.P.H. Men's club, 26-2, to remain tied for first place. Scoring began in the opening inning to win the game. Ralph's Cleaners went on to win on the fine one-hit effort of pitcher M. Clark.

The big batter for the winners was Rich Watson, who had a perfect night at the plate, collecting two singles and a home run in three times at bat. For the losers the lone hit was rapped by A. Whalen Jr., thus ruining Clark's chance for the no-hitter.

Broadmoor Police established themselves the team to beat in the league as they upset the dope over a strong Lagomarsino club, 17-6, last Thursday. The Broadmoor Police put together a fine team effort in the last inning to take the game from the hustling Lagomarsino club.

A. Gonzales, Broadmoor pitcher, showed lots of control and very good speed as he struck out nine

of his oponents, and also drove in four runs with his bases-loaded double and single. For the Lagomarsino club, L. Massoni was the big sticker with three for three.

Gino's Club exploded in their fifth frame to down O.L.P.H. Men's club Monday, 25-13. Gino's showed real power at the plate in securing the victory. The game was tied three times, but the telling blow came in the fifth inning when big M. Matzek hit a tremendous home run which cleared the bases and put Gino's ahead to stay.

For the losers little A. Whalen Jr. was the leading batter with three hits in four trips to the plate.

## THE RECORD SPORTS

### MERCHANTS NINE SQUEEZE IN RUN TO BEST UKIAH

Spectacular defensive play and heads-up strategy on the base-paths gave Jack Ingles, Westlake Merchants a 2-1 victory over Ukiah Sunday at the latter's field.

The Westlakers got on the scoreboard in the first inning as Mike Monterosa was walked, stole second and driven home on Bob Jackson's single.

The go-ahead tally came in the fifth after Al Bousque tripled and scurried home on a squeeze bunt executed by Ernie Karwatt.

Ukiah threatened in the sixth when they loaded up the bags with nobody out. Next batter up hit a long drive to right field that was speared by Darrell Hadley. Hadley made a double play out of it by firing all the way from right field to spear the runner who had tagged up and was racing for home.

This took all the fire out of the Ukiah bats and Westlake pitcher Charley Bogle set them down with comparative ease in the next three frames.

Bogle went all the way for the win, giving up only five base knocks while striking out seven batters, walking four.

Bosque made three circus catches to thwart possible Ukiah rallies, while Hadley pulled off a pair of difficult grabs. Jackson led Westlake hitting with three for four.

It marked the sixth exhibition victory for the Westlakers, against two losses. Sunday's defeat was only the second for Ukiah out of eight contests.

This Sunday the Merchants square off against S. P. Stores at Alameda diamond.

## New Pisa Racks Up Two More Wins

A 13 run barrage with 11 solid hits combined with early wildness of Bob Dulica, St. Cecilia's first pitcher, gained the Dante New Pisa Juniors a needed revenge for their only defeat Saturday. The game ended 13-7 when George Claus came from third base to relieve Mike Wall in the last of the seventh. Claus forced Collins to hit back to him to cut off Johnson at home, then after walking Brody, he fanned Joyce for the final out.

Little George was the hitting star of the day with four for four, one of them a base cleaning double in the fifth. Claus also was a pillar of defense making four put outs and an assist. The game was unusual in that Barry Krohn at first base had no put outs. Hynes and Kollman share 12 with Mike Wall whiffing 11 and Claus making one strike out. Mike Rovai had four put outs, three when Hynes threw to him at second, and one when Kollman got one while Mike was covering third.

Sunday's game at Marchbanks saw little Billy Kane fan seven, while giving only four walks, and got credit for one run batted in with a perfect sacrifice bunt. Kane was sharp in the clutches, and in the third inning struck out the side.

Mike Kulik batted three for four, but Morales, Krohn and Hynes each got two and one of Krohn's was for two bases. Lanthier, Kane, Kollman, Rovai and Jones each got hits off Vina, South City Ace, who pitched for the Optimist Travelers. Vina fanned five, walked only four and fielded his position perfectly with three assists, while batting in one of his team's runs.

The Lowell Creighton managed New Pisa youngsters start their league play next Saturday at Balboa Park in San Francisco at 11 a.m. against a top opponent, and then at Marchbanks on Sunday at 2 p.m. they'll go against the Johnny Shells.

California has about one-third of the total irrigated acreage in the United States.

## WHAT'S DOING

## A telephone helps plan for pleasure

Here's a picture of a family starting a pleasant weekend vacation trip. And here's how they planned it. His wife called the sports shop to see that their tennis rackets were restrung. She phoned the cleaners, too, about that suit she wanted to wear. And they arranged, by telephone, for the neighbors to feed the cat. He called ahead for reservations and they're off. Sure—this is a special occasion. But even if it's everyday, the telephone is always ready to do so many things, so quickly, and with so much convenience. The men and women of Pacific Telephone work to make your telephone more useful every day.

## Like to take a trip at \$0.0008 a mile?

If you could journey across the nation at the rate of eight-hundredths of a cent a mile, you'd say it was pretty low-cost traveling, wouldn't you? Well, it costs no more to send your voice traveling cross country from right here in town. For only \$2.00 plus tax—that's the station-to-station rate after six o'clock on weekdays and all day Sunday—you can have a friendly three-minute telephone visit that will bridge as many as three thousand miles. Isn't there someone who would like to hear the sound of your voice tonight?

## G. O. P. CONVENTION

One of the biggest communications jobs ever undertaken in San Francisco is now shaping up in arrangements for the Republican National Convention, which begins August 20, at the Cow Palace.

Supplying the essential needs of the press, radio, and television representatives and the vast number of convention telephone users, will require facilities of every type and in large quantities.

Republican Convention headquarters in the Fairmont Hotel, which will have its own private switchboard—has been assigned a special number. It is NAtional 7-1242.

Anticipating tremendous need for public telephones, we are planning to install about 400 phone booths. This will include about 170 around the Cow Palace and the rest at key downtown points such as the larger hotels.
